SUMMARY

Enthusiastic BCA first-year student with a strong interest in coding and web development. Quick learner with good problem-solving and teamwork skills. Eager to gain practical experience and grow in the tech field.

MY PROJECTS

- **Create a Uber clone.**

Developed a responsive Uber Clone web application using Tailwind CSS, implementing cost-effective solutions that reduced project expenses by 20%, streamlining workflows to enhance efficiency by 25%, and leading a team to deliver the project successfully on time and within budget.

- **Create a Udemy clone.**

Developed a fully responsive Udemy Clone using React, managing project timelines to reduce delivery time by 30%, spearheading the adoption of modern front-end tools to improve project accuracy by 15%, and collaborating with cross-functional teams to enhance overall project success rates by 10%.

- **Create a e-commerce site.**

Developed a responsive E-commerce website, coordinating project tasks to ensure adherence to modern web development standards and best practices, and conducting comprehensive project analysis to identify and resolve design and functionality discrepancies for optimal user experience.
